SUMMARY

IT graduate with a Bachelor of Information Technology and a Google IT Support Professional Certificate, with sound, practical knowledge of Microsoft 365, Windows, Active Directory, Azure/Entra ID, Intune, SharePoint, and Teams. I don't yet have years of paid service desk experience, but I've built and now personally operate a help-desk ticketing system that models the exact first-level support lifecycle this role works in daily, and as Project Manager on a university capstone I led a 5-person team delivering a live platform for a real client, demonstrating the stakeholder communication, documentation discipline, and collaborative approach Council needs. I genuinely enjoy helping people navigate technology, stay composed under pressure, and take cybersecurity and system security seriously. I'm passionate about contributing to a well-run, community-focused organisation and would be committed to delivering outstanding service to Council staff.

TECHNICAL SKILLS

Microsoft 365 & Cloud: Microsoft 365 administration, SharePoint, Teams, OneDrive, Exchange Online, Azure AD / Entra ID, Intune (MDM/endpoint management), MFA, RBAC

Device & Hardware Support: Desktop and laptop support, mobile device management, peripheral configuration, hardware troubleshooting

Cyber Security: NIST CSF 2.0, ASD Essential Eight, least-privilege access, security frameworks, vulnerability awareness

Windows & Systems: Windows 10/11, Active Directory, Group Policy, user account management, Windows Server fundamentals

Networking: TCP/IP, DNS, DHCP, VPN, firewalls, subnetting, network diagnostics

Documentation & Support: Ticketing/service request workflows, knowledge base articles, troubleshooting guides, accurate record-keeping

CORE COMPETENCIES

- Customer Service Excellence
- Clear Communication
- Collaborative Team Player
- Problem Solving
- Independent & Team Work
- Willingness to Learn
- Attention to Detail
- Cybersecurity Awareness

PROJECTS

Call-a-Technician — Technician Dispatch & Booking Platform University Capstone | 2024–2025
Live: callatechnician.com.au · GitHub: github.com/Priyanshukainwal0/call-a-technician · Role: **Project Manager & Full-Stack Developer**

- As **Project Manager**, led a 5-person team from initial client requirements through to a live production launch — built strong working relationships across the team and with a real external client, maintaining clear, current documentation throughout.
- Built an 8-stage job workflow with a full audit trail, user account management, and role-based access control — practical experience with the access management and documentation discipline this role requires.
- Delivered a real product still in production use by a real business today.

TicketDesk — Help-Desk Ticketing Platform Personal Project | 2025
Live: ticketdesk-app.onrender.com · GitHub: github.com/Priyanshukainwal0/ticketdesk

- Designed and built a help-desk system covering the full first-level support lifecycle — log, prioritise, assign, resolve, document — with a 23-test automated suite and clear technical documentation maintained throughout.

SkyOps — Infrastructure Monitoring Platform Personal Project | 2025
Live: skyops-api-8dn9.onrender.com · GitHub: github.com/Priyanshukainwal0/skyops

- Built and personally operate a live infrastructure monitoring service with Prometheus and Grafana dashboards, applying proactive, cybersecurity-conscious monitoring to keep systems reliable.

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present
VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys; introduced standardised checklists that improved site quality scores by 25%.

Warehouse Operator

Dec 2023 – Jan 2025

Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day with zero lost-time incidents and full WHS compliance at every inspection.

EDUCATION

Bachelor of Information Technology
