SUMMARY

Organised, detail-focused graduate with a Bachelor of Information Technology and two years of direct customer service experience, ready to support job seekers into sustainable employment as an Admin Officer. I have a genuine strength in coordination and compliance — as Project Manager on a university capstone, I led a 5-person team delivering a live platform for a real client, gathering requirements, coordinating people and activities, and keeping accurate records and documentation throughout. I'm confident using IT systems and databases, communicate clearly with people from all backgrounds, and take real pride in getting the details right. I genuinely enjoy helping people move forward, and I'd bring that same care to supporting job seekers through this program.

CORE STRENGTHS

- Customer Service
- Attention to Detail
- Coordination & Organisation
- Compliance & Accuracy
- Clear Communication
- IT Systems Confidence
- Data & Records Management
- Teamwork

PROJECT — COORDINATION & COMPLIANCE IN PRACTICE

Call-a-Technician — Technician Dispatch & Booking Platform University Capstone | 2024–2025
Live: callatechnician.com.au · Role: **Project Manager & Full-Stack Developer**

- As **Project Manager**, led a 5-person team from initial client requirements through to a live production launch — coordinated people, schedules, and activities to keep everyone working effectively toward the same outcome.
- Was the primary point of contact for a real external client throughout delivery, gathering requirements accurately and ensuring expectations were understood and met — the same client-facing accuracy and accountability this role requires.
- Maintained detailed, accurate records and documentation across the full project lifecycle to meet delivery standards — directly transferable to gathering evidence and tracking outcomes for contractual compliance.
- Delivered a real product still in production use by a real business today — proof of reliable, accountable follow-through from start to finish.

Beyond this project, I independently designed, built, and deployed two additional live software products over the past year (priyanshukainwal0.github.io), which means I'm genuinely confident navigating IT systems, databases, and digital tools — not just familiar with them.

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present
VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys by listening to feedback and adjusting service to meet expectations.
- Introduced standardised checklists that improved site quality scores by 25% — proactive attention to detail and process compliance.

Warehouse Operator Dec 2023 – Jan 2025
Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day in a fast-paced environment, requiring sustained attention to detail.
- Ran cycle counts and reconciliation that brought stock variances down by 30% over two quarters through structured tracking and accurate record-keeping.
