✉ priyanshuror00@gmail.com 🔗 linkedin.com/in/priyanshu-kainwal

SUMMARY

Empathetic, detail-focused graduate with a Bachelor of Information Technology and two years of direct, recurring client-facing experience, ready to support MyBudget's clients with genuine care and active listening. I take real pride in building trust with the people I work with and adjusting my approach to meet their needs — the same caring, consultative mindset MyBudget's clients deserve. I have a high level of computer literacy and am genuinely comfortable picking up new applications and systems quickly, having independently designed, built, and deployed software products of my own. As Project Manager on a university capstone, I led a 5-person team delivering a live platform for a real client, gathering requirements accurately and keeping detailed, accurate records throughout — proof of the accuracy and attention to detail this role requires.

CORE STRENGTHS

- Empathy & Active Listening
- Customer Service
- Attention to Detail
- Multi-Tasking & Time Management
- High Computer Literacy
- Adaptability
- Team Culture Fit
- Reliability

PROJECT — COORDINATION, ACCURACY & CLIENT CARE IN PRACTICE

Call-a-Technician — Technician Dispatch & Booking Platform University Capstone | 2024–2025
Live: callatechnician.com.au · Role: **Project Manager & Full-Stack Developer**

- As **Project Manager**, led a 5-person team from initial client requirements through to a live production launch — I was the primary point of contact for a real external client, listening carefully to their needs and translating that into the right solution.
- Maintained accurate, detailed records and documentation across the project lifecycle — the same accuracy and attention to detail MyBudget's clients depend on when managing their finances.
- Delivered a real product still in production use by a real business today — proof of reliable, accountable follow-through and genuine care about getting the outcome right for the people relying on me.

Beyond this project, I independently designed, built, and deployed two more live software products over the past year ([priyanshukainwal0.github.io](https://github.com/priyanshukainwal0)) — direct proof that I learn new systems and applications quickly and confidently.

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present
VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys by listening to feedback and adjusting service to meet their needs.
- Introduced standardised checklists that improved site quality scores by 25% — a proactive, detail-driven mindset focused on consistently getting it right.
- Built genuine, long-term trust with recurring clients through reliability, empathy, and clear communication.

Warehouse Operator Dec 2023 – Jan 2025
Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day in a fast-paced environment, requiring sustained focus, multi-tasking, and effective time management.
- Ran cycle counts and reconciliation that brought stock variances down by 30% over two quarters through structured tracking and accurate record-keeping.
