SUMMARY

Customer-focused, tech-confident professional with a Bachelor of Information Technology and two years of direct client-facing experience delivering consistent, high-quality service. I genuinely enjoy helping people find the right tech solution for their needs — I've spent the past year independently building and supporting live tech products end-to-end, so I can talk through devices, plans, and connectivity with real confidence and curiosity, not just a script. I'm motivated by goals and enjoy the challenge of matching the right product to the right customer, while staying resilient and positive when things get busy. Comfortable working both independently and as part of a results-driven team.

CORE STRENGTHS

- Consultative Selling
- Customer Service
- Tech Product Knowledge
- Goal & Target Driven
- Clear Communication
- Resilience & Positivity
- Problem Solving
- Team Collaboration
- Fast Learner

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present

VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys by listening to feedback and adjusting service to meet their expectations.
- Introduced standardised checklists that improved site scores by 25% — proactively identifying a better way to deliver consistent quality and hit performance targets.
- Built genuine trust with clients through reliability, professionalism, and clear communication over an extended working relationship.

Warehouse Operator Dec 2023 – Jan 2025

Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day in a fast-paced, high-volume environment — staying calm, positive, and focused under sustained pressure.
- Reworked the picking sequence on my aisle, cutting processing time by 20% — a self-driven improvement aimed at exceeding team performance benchmarks.
- Zero lost-time incidents across the full tenure, with full WHS compliance at every inspection.

TECH BACKGROUND — WHY IT HELPS HERE

I hold a Bachelor of IT and have independently built and deployed three live software products — including a customer-facing booking platform and a help-desk system — meaning I'm genuinely comfortable with devices, connectivity, and digital services, and confident explaining them in plain language to help customers choose the right plan or solution for their lives.

- Hands-on experience with mobile devices, networking fundamentals (Wi-Fi, connectivity troubleshooting), and cloud/digital services — directly relevant to mobile, broadband, and device sales conversations.
- Practical experience translating technical concepts into plain language for non-technical users, which supports a consultative, solutions-first sales approach rather than a generic pitch.
