✉ priyanshuror00@gmail.com    🔗 [linkedin.com/in/priyanshu-kainwal](https://www.linkedin.com/in/priyanshu-kainwal)

## SUMMARY

Composed, detail-focused graduate with a Bachelor of Information Technology and two years of direct client-facing experience, ready to bring calm, clear communication to SAPOL's Call Centre. As Project Manager on a university capstone, I led a 5-person team delivering a live platform for a real client — extracting requirements accurately under time pressure, making sound decisions independently, and keeping a project on track. I'm genuinely tech-savvy, having independently designed, built, and deployed three live software products, so multiple screens and software systems are second nature to me. I communicate clearly with people from all backgrounds, stay composed when things are urgent, and take real pride in getting the details right when it matters most.

## CORE STRENGTHS

- Composed Under Pressure
- Clear Verbal Communication
- Sound Judgement & Initiative
- Key Information Extraction
- Tech-Savvy / Multi-Screen Confident
- Team Player
- Integrity & Respect
- Cultural Awareness

## PROJECTS — JUDGEMENT, COMMUNICATION & TECH CONFIDENCE IN PRACTICE

**Call-a-Technician — Technician Dispatch & Booking Platform** University Capstone | 2024–2025  
Live: [callatechnician.com.au](https://callatechnician.com.au) · GitHub: [github.com/Priyanshukainwal0/call-a-technician](https://github.com/Priyanshukainwal0/call-a-technician) · Role: **Project Manager & Full-Stack Developer**

- **As Project Manager**, led a 5-person team from initial client requirements through to a live production launch — extracted accurate requirements from a real client under time pressure and made independent decisions to keep delivery on track.
- Coordinated multiple workstreams simultaneously (frontend, backend, infrastructure), applying sound judgement to prioritise and resolve issues as they arose — the same decision-making this role requires when managing competing demands.
- Delivered a real product still in production use by a real business today — proof of reliable, accountable follow-through.

**TicketDesk — Help-Desk Ticketing Platform** Personal Project | 2025  
Live: [ticketdesk-app.onrender.com](https://ticketdesk-app.onrender.com) · GitHub: [github.com/Priyanshukainwal0/ticketdesk](https://github.com/Priyanshukainwal0/ticketdesk)

- Designed a system for triaging issues by priority and category — the same fast, structured information-extraction and decision-making this role requires when classifying calls.

**SkyOps — Live Monitoring Platform** Personal Project | 2025  
Live: [skyops-api-8dn9.onrender.com](https://skyops-api-8dn9.onrender.com) · GitHub: [github.com/Priyanshukainwal0/skyops](https://github.com/Priyanshukainwal0/skyops)

- Built and personally operate a live system that monitors multiple data streams simultaneously and surfaces what matters — comfortable working across multiple screens and systems at once.

## WORK EXPERIENCE

**Commercial Cleaner** Aug 2023 – Present  
VIP Cleaning Services · Adelaide, SA

- Worked directly with clients from diverse backgrounds on a recurring basis, consistently scoring 95% in client quality surveys through clear, respectful communication.

**Warehouse Operator** Dec 2023 – Jan 2025  
Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day in a fast-paced, high-volume environment, staying composed and focused under sustained pressure.
- Zero lost-time incidents across the full tenure, with full WHS compliance at every inspection — strict adherence to procedures and safety standards.
