SUMMARY

Customer-focused graduate with a Bachelor of Information Technology and two years of direct, recurring client-facing experience, ready to be the first point of contact for clients via phone and email. I'm a natural people person who genuinely enjoys helping others, with a confident phone manner and the ability to write clear, concise emails. I've built and now personally operate a help-desk platform that handles exactly this kind of high-volume request logging and resolution, so accurate data entry and structured case management are second nature to me, not a new skill to learn. I'm a strong multi-tasker, highly detail-oriented, and comfortable juggling competing priorities without compromising quality. I'm computer-literate and a fast typist, having spent the past year independently building and operating live software systems.

CORE STRENGTHS

- People Person
- Confident Communicator
- Phone & Email Manner
- Multi-Tasking
- Attention to Detail
- Problem Solving
- Positive Attitude
- Organised & Self-Disciplined

PROJECTS

Call-a-Technician — Technician Dispatch & Booking Platform University Capstone | 2024–2025
Live: callatechnician.com.au · GitHub: github.com/Priyanshukainwal0/call-a-technician · Role: **Project Manager & Full-Stack Developer**

- As **Project Manager**, led a 5-person team from initial client requirements through to a live production launch — was the direct point of contact for a real external client, resolving queries efficiently and professionally throughout delivery.
- Delivered a real product still in production use by a real business today — proof of reliable, accountable follow-through.

TicketDesk — High-Volume Request Logging Platform Personal Project | 2025
Live: ticketdesk-app.onrender.com · GitHub: github.com/Priyanshukainwal0/ticketdesk

- Designed and built a system for accurately logging, prioritising, and resolving incoming requests — directly mirroring the accurate logging and resolution this role requires across a high volume of daily interactions.
- Built with data accuracy and structured record-keeping as a core design principle, the same high attention to detail this role calls for.

SkyOps — Live Monitoring Platform Personal Project | 2025
Live: skyops-api-8dn9.onrender.com · GitHub: github.com/Priyanshukainwal0/skyops

- Built and personally operate a live system that handles multiple simultaneous data streams — comfortable managing competing priorities without dropping quality.

Full portfolio: priyanshukainwal0.github.io · github.com/Priyanshukainwal0

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present
VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys by listening to feedback and adjusting service to meet their expectations.
- Introduced standardised checklists that improved site quality scores by 25% — proactively identifying a better way to deliver consistent quality.

Warehouse Operator Dec 2023 – Jan 2025
Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day in a fast-paced, high-volume environment — the same high attention to detail and accuracy this role requires across 60-70 daily interactions.
- Ran cycle counts and reconciliation that brought stock variances down by 30% over two quarters through structured tracking and accurate record-keeping.
