SUMMARY

IT graduate with a Bachelor of Information Technology and a Google IT Support Professional Certificate, looking to start my IT career with hands-on mentorship and real client exposure. I have a basic-to-solid understanding of IT systems, networks, and troubleshooting principles, built through both my degree and independent projects — including a help-desk platform I designed and built myself, modelling the exact incident lifecycle this role describes. I'm an excellent written and verbal communicator, organised, detail-focused, and comfortable working both independently and as part of a team. I'm genuinely excited about learning the fundamentals of IT service delivery from experienced engineers and growing into a strong, capable support technician.

TECHNICAL SKILLS

IT Fundamentals: Hardware/software troubleshooting, basic networking (TCP/IP, DNS, DHCP, VPN), Windows 10/11, macOS, Linux basics

Microsoft Ecosystem: Microsoft 365, Active Directory fundamentals, Azure AD / Entra ID, Exchange Online, Teams

Service Delivery: Helpdesk/ticketing workflow logic, incident lifecycle management, SLA awareness, accurate record-keeping

Documentation: Clear technical documentation, knowledge base habits, standard operating procedure adherence

CORE COMPETENCIES

Customer Service

Clear Communication

Attention to Detail

Organisational Skills

Team & Independent Work

Problem Solving

Eager to Learn

Reliability

PROJECTS

TicketDesk — Help-Desk Ticketing & Incident Management Platform Personal Project | 2025

Live: ticketdesk-app.onrender.com · GitHub: github.com/Priyanshukainwal0/ticketdesk

- Designed and built a help-desk system modelling the full incident lifecycle — create, prioritise, assign, resolve, close — the same process this role's helpdesk platform follows day to day.
- Maintained accurate, detailed documentation for every part of the system, kept current as it evolved — the same record-keeping discipline this role requires for support activities and resolutions.

SkyOps — Infrastructure Monitoring Platform Personal Project | 2025

Live: skyops-api-8dn9.onrender.com · GitHub: github.com/Priyanshukainwal0/skyops

- Built and personally operate a background monitoring service that checks system health every 60 seconds, following a structured troubleshooting process to detect and respond to issues independently.

Call-a-Technician — Client Communication & Team Coordination University Capstone | 2024–2025

Live: callatechnician.com.au · GitHub: github.com/Priyanshukainwal0/call-a-technician

- Acted as the primary point of contact between a real external client and the development team — clear, friendly communication throughout, directly relevant to being the client's primary contact for support requests.

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present

VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys through clear, friendly communication and reliable follow-through.

Warehouse Operator Dec 2023 – Jan 2025

Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day, requiring strong attention to detail and organisational ability in a fast-paced environment.

EDUCATION

Bachelor of Information Technology Federation University Australia

Federation University Australia · Adelaide, SA

- Relevant units: Networking, Cybersecurity, Databases, Systems Analysis, Software Engineering.
