SUMMARY

IT graduate with a Bachelor of Information Technology and a Google IT Support Professional Certificate, with sound knowledge of Microsoft environments, operating systems, and device management. I've built and now personally operate a help-desk ticketing platform modelling the exact support lifecycle this role works in daily — logging, prioritising, resolving, and documenting requests through to closure. As Project Manager on a university capstone, I led a 5-person team delivering a live platform for a real client, building positive working relationships and maintaining accurate documentation throughout. I'm self-motivated, organised, and genuinely enjoy helping people — staff and students alike — solve technical problems, and I take cybersecurity and compliant technology use seriously.

TECHNICAL SKILLS

Microsoft Environments: Microsoft 365, Windows 10/11, Active Directory, Azure AD / Entra ID, MFA, device/endpoint management

Networking: TCP/IP, DNS, DHCP, VPN, firewalls, subnetting, network connectivity diagnostics

Cyber Security: Cybersecurity principles, NIST CSF 2.0, ASD Essential Eight, patch/antivirus awareness, secure and compliant tech use

Hardware & Devices: Hardware/software troubleshooting, device deployment and configuration, printer and peripheral support

Service Delivery: Helpdesk/ticketing workflow logic, onboarding processes, accurate record-keeping, asset register maintenance

Documentation: ICT documentation, knowledge base maintenance, technical writing for non-technical audiences

CORE COMPETENCIES

- Customer Service
- Relationship Building
- Self-Motivated
- Reliable & Organised
- Problem Solving
- Independent & Team Work
- Clear Communication
- Values-Driven

PROJECTS

Call-a-Technician — Technician Dispatch & Booking Platform University Capstone | 2024–2025
Live: callatechnician.com.au · GitHub: github.com/Priyanshukainwal0/call-a-technician · Role: **Project Manager & Full-Stack Developer**

- As **Project Manager**, led a 5-person team from initial client requirements through to a live production launch — built positive working relationships with a real external client and the development team throughout delivery.
- Built an 8-stage job workflow with a full audit trail and maintained accurate documentation across the project — the same record-keeping discipline this role requires for ICT documentation and asset registers.
- Delivered a real product still in production use by a real business today — proof of reliable, accountable follow-through.

TicketDesk — Help-Desk Ticketing Platform Personal Project | 2025
Live: ticketdesk-app.onrender.com · GitHub: github.com/Priyanshukainwal0/ticketdesk

- Designed and built a help-desk system covering the full support lifecycle — log, prioritise, resolve, close — with accurate documentation kept current throughout, directly mirroring this role's Level 1 support and ticket management responsibilities.

SkyOps — Infrastructure Monitoring Platform Personal Project | 2025
Live: skyops-api-8dn9.onrender.com · GitHub: github.com/Priyanshukainwal0/skyops

- Built and personally operate a background monitoring service, applying a proactive, continuous-improvement mindset to keep systems running reliably.

WORK EXPERIENCE

Commercial Cleaner Aug 2023 – Present
VIP Cleaning Services · Adelaide, SA

- Worked directly with clients on a recurring basis, consistently scoring 95% in client quality surveys through clear, respectful communication and reliable service.

Warehouse Operator Dec 2023 – Jan 2025

Electrolux Home Products · Adelaide, SA

- Maintained 99.5% accuracy across 200–300 orders per day, with zero lost-time incidents and full WHS compliance — strict adherence to safety standards and procedures.
