SUMMARY

Driven, outgoing graduate with a Bachelor of Information Technology and two years of direct, recurring client-facing experience, ready to bring genuine energy and a "can do" attitude to face-to-face sales. I genuinely enjoy talking to people, building rapport quickly, and finding the right way to connect a message to someone's interests — skills I've built through two years of client-facing work where I consistently scored 95% in client quality surveys. I have a strong student mentality and pick up new skills fast, having independently taught myself to design, build, and launch three live software products over the past year with no formal training. I'm comfortable working in a team environment, motivated by clear goals and incentives, and open to travelling for the role.

PROJECTS — INITIATIVE & DRIVE BEYOND THE CLASSROOM

Call-a-Technician — Technician Dispatch & Booking Platform University Capstone | 2024–2025
Live: callatechnician.com.au · GitHub: github.com/Priyanshukainwal0/call-a-technician · Role: **Project Manager & Full-Stack Developer**

- As **Project Manager**, led a 5-person team from initial client requirements through to a live production launch — built and maintained the client relationship directly, the same engagement and trust-building this role asks for with members of the public.
- Delivered a real product still in production use by a real business today — proof of drive, follow-through, and the ability to turn a pitch into a real result.

TicketDesk — Help-Desk Ticketing Platform Personal Project | 2025
Live: ticketdesk-app.onrender.com · GitHub: github.com/Priyanshukainwal0/ticketdesk

- Identified a problem and built a complete, working solution from scratch on my own initiative — no one assigned the task, I just did it.

SkyOps — Live Monitoring Platform Personal Project | 2025
Live: skyops-api-8dn9.onrender.com · GitHub: github.com/Priyanshukainwal0/skyops

- Built and personally operate a live system from scratch — proof I can learn something completely new and make it work, fast, without being shown how.
